Dear Mr. Kacmarcik,

I just wanted to drop you a note and say how great it was to read the article in last week's News Graphic about the free gas and lunch you provided for your employees. Kudo's and Way to go!

It was great to read about the president of a company who knows and values his employees. So many times these days you read about the things that companies are taking away from their employees and are asking more of them in return.

Being in the Human Resource field you have touched my heart. I love the "humans" and know with out each and every one of them on our teams we would be no where.

You have inspired me to do more with my team. I try to live each day doing better than I did the day before and making sure that I treat people as I would like to be treated. I have some more work I can do with my team.

I am inspired.

Keep up the great work!

Best Always,  
Jane M. Jushka
